PROFESSIONAL EXPERIENCE

Full Stack and Mobile App Developer - Keep Me Fresh LLC

February 2026 - Present

- Developed a custom full-stack e-commerce website on Shopify, managing a catalog of 500+ products.
- Built a custom Shopify app to configure and manage settings for a 3D product configurator.
- Created a multi-store Inventory Hub connecting 10+ Shopify, eBay, and Etsy stores to manage orders, products, sales analytics, feedback, SKU mapping, and warehouse inventory allocation.

Web Developer - Your Asian Team Company

September 2024 - January 2026

- Created 30+ cybersecurity training modules, improving course completion for 500+ learners.
- Built interactive front-end components using HTML, CSS, JavaScript, and jQuery across multiple training lessons.

Web Content Creator - Crescendo Collective Company

February 2024 - March 2024

- Managed and updated website content using Magnolia CMS, handling page components, layouts, and publishing workflows while supporting technical content requirements.

PROFESSIONAL PROJECTS

Dubraes | Personalised Sneaker Lace Tags

- Developed a custom 3D product configurator for Dubraes and redesigned its Shopify theme to improve functionality, branding, and the overall customer experience.

Custom Boat Seat Configurator Design & Development

- Implemented a real-time 3D interactive front-end web application for customizing boat seats.

Attendance Tracking Employee Application

- Built a full-stack employee attendance tracking web application using React, Node.js, Express, and MongoDB.

Personal Portfolio

- Designed and optimized a portfolio showcasing 4+ web development projects and technical skills
